BlackFog provides Cyber Privacy Protection software for Consumers and the Enterprise. In the wake of increasing privacy concerns across the world BlackFog, Inc. was established to combat the growing barrage of applications that breach your rights and to ensure that your personal or corporate data is secured at all times. Contact us to protect your online privacy from blocking advertising, cyber privacy, data collection, cryptojacking, fileless cyber attack, GDPR, ransomware, spyware, malvertising and tracking. <http://www.blackfog.com>
